

Property owners, provide your tenants with high speed, affordable Internet access.

# Mega Hotspot

The Mega Hotspot connects wirelessly to the Jenny Wireless Network which is connected to a fibre via wireless connection. Each tenant in the serviced building is then able to access the Internet wirelessly through any device that is WiFi enabled. Tenants and users can either purchase once off vouchers online, or sign up with Jenny Internet and purchase monthly vouchers on account.

Benefits of Jenny Mega Hotspot:

- High speed at affordable pricing
- Flexible to suite serious users and casual Users
- No Line Installation for tenants
- No Hardware Installation for tenants
- No Contracts
- No Line Rentals or Fixed costs
