

Wi-Fi as a Service

Fully managed Wi-Fi. One fixed monthly fee.

Jenny Wi-Fi as a Service fixes the dead spots and the corner of the building where nothing works. Built on a wireless mesh network, it removes range extenders and the upfront hardware cost, and we manage all of it.

Why choose Jenny Wi-Fi as a Service?

- Wireless mesh network for consistent coverage
- No range extenders needed
- One fixed monthly fee covering everything
- No large upfront capital outlay
- Fully managed and maintained by us
- Remote troubleshooting plus on-site technicians
- Works for homes, offices and business premises

Built for anyone tired of apologising for the Wi-Fi

A faster Internet line does nothing for a coverage problem, because they are two different systems. This fixes the second one. Equipment, maintenance and support are all included, so it never becomes a project you have to run.

What's included

- Managed wireless mesh network
- All hardware and software
- Installation, ongoing maintenance and support
- Remote troubleshooting and on-site assistance
- Fixed monthly pricing with no hidden charges

Support you can rely on

7-day support, including public holidays, through our call centre, chat assistant and website. Remote troubleshooting first, then a local technician on site if needed.
