

Wireless Home

High-speed home Internet. No cables, no waiting.

Jenny Wireless Home brings a fast, uncapped connection to your house without anyone digging up your street. A small antenna on your roof connects to our nearest tower, and your household stops counting data.

Why choose Jenny Wireless Home?

- Uncapped and unthrottled. You will not run out
- Installed by your local dealer, usually within a week
- Coverage in rural areas, not only city suburbs
- Our own network, end to end. No third-party infrastructure
- Every installation quality-checked before the technician leaves
- Buy your equipment or rent it
- Moving? Your dealer can relocate it

Built for home

For households that want streaming, working, learning and gaming to happen at the same time without anyone rationing anything. Our quality assurance team checks your connection and the installation before your technician drives away.

What's included

- External antenna mounted on your roof
- Indoor Wi-Fi access point
- All labour, cabling and sundries
- Quality assurance check on every installation

Support you can rely on

7-day support, including public holidays, through our call centre, chat assistant and website. Backed by local technicians in your own country.
